

AMX 4 Digital portable x-ray

GE AMX 4 Digital

Remanufactured Portable With Canon Digital Upgrade

Upgrade your existing AMX 4 or purchase an AMX 4 with the digital upgrade already installed. You can have a mobile DR at your fingertips by retrofitting to either a CXDI-50G or a CXDI-31 panel. The speed of the Canon Digital Radiographic system allows you to see your study right from the portable, brightly displayed on the easy-to-use touch screen.

GE AMX 4 Portable
with digital panel upgrade
