Wireless Versatility
Convenient and safe.
• One panel for all exams
• No cable to trip over
• No cable to break
• Easy to handle throughout the room
• Compliant with standard film size cassettes
Design and Workflow Advantages

High Quality, Easy Imaging
- CsI scintillator – greater DQE, greater dose efficiency
- AutoPilot automatic image processing – simple, consistent image quality
- Learns your preferences – improved productivity

Ultra Lightweight Flat Panel Detector
The ImagePilot Aero panel is one of the lightest 14"x17" FPDs in the world weighing 6.2 lbs.
- Convenient weight for handling
- Less likely to be dropped
- Greater user satisfaction
Whether in-room or for mobile applications, lighter is better.

Handheld Viewing
View images on an iPad®, tablet, or laptop from anywhere in the office.

Consultation Room
Examination Room
Treatment Room

Review results with patients in the exam room or in a private office. Use for easy and quick image acquisition in the X-ray room.

iPad® is a registered trademark of Apple Inc.

ImagePilot Expandability
Acquire superb images and store them directly to the office PACS.

OR
Utilize ImagePilot as the PACS for in-office review and long term archive.

Complete Five Year Total Cost of Ownership Coverage
Unique to the clinic market, the 5 Year TCO offering is specifically designed to eliminate any installation, maintenance and IT costs normally associated with digital imaging. Over the 5 year period the TCO package offers a single standard payment.

Five year TCO packages include:
- Unlimited Parts Coverage
- 24x7 Technical Support
- Panel Protection: covers against accidental damage
- ImagePilot Software Upgrades
- Informity (plans vary by model)
  - Real time automatic backup
  - Secure cloud based collaboration
  - Automatic Windows updates and antivirus protection
